'69 L'CEAN

Dear Debby,

I don't know exactly what to say except that I think your the greatest, most wonderful friend ever! And I really mean that too! (I can't seem to find a pen to write with)! I hope that we will always be best friends, even when we are old and gray. It would be nice if we could live next door to each other. But I don't think David would appreciate that very much! Honestly, I really don't know what I'll do when you and I do get married. It won't be the same not talking to you every night for about two or three hours. And you won't be able to say "That's HARRIET", isn't that sad?

Remember all the times when we use to think we'd never get a date or go with anyone? We'll just look at us now! all that worrying for nothing. Remember the 8th, 9th and especially our sophmore year. Because I think it has been the greatest yr. ever. Remember the "Teen Board Dance"

I hope you will always stay as cute and sweet as you are now. You have a darling personality and will always have loads of friends! I don't know of another person that I wish good luck to, more than you. You surely deserve it more than anyone I know. Also I hope that you and David never break up! (Boy, that was hard to say the trap) just spring.

Love ya,
Harriet

Debby
I think you should really
congratulate me for
spelling your name right.
You owe a really sincere thank
you girl. I hope someday
that I will learn to write
I hope you have lots
of luck (especially with
Daniel, that is!) Please write
only more)
Love

Debby; mistake

I don't like to sign these things without a lot of time to think about it. (and I don't)
There's nothing to write but the very same thing. But everybody has something different about them. And you have your great personality. You & I have just this year been good friends & it's been something else! Stay sweet always.

Love ya,
Janice

P.S. You & David make a precious couple!

I'll never forget all my friends for my birthday party!!

Deb,

I feel closer to you than I feel to a lot of friends. We fought, we laughed, + we've cried together. Don't forget it. I didn't mean to tear your journal. HA? I miss living next to you. Really. I have a strong feeling we could really be close if we still lived next to each other because we have both matured beyond, I hope, some extent, pettiness. fuck always (even tho you're a Republican!)

Love,
Norma

Deb,
I really feel sorry for you having to put up with Reb but maybe he is worth it & don't know (I DOUBT IT) no kidding I wish you the best of luck in everything you do.
Love
Mike C.

Miss Carl,

It has really been a blast being in Super Pig's room with you this year. You don't know how it feels to have an intelligent girl sitting who is quite pretty to boot. I glad we have another year left to spend together at LCHS before I graduate (if I do). Stay sweet, pretty, & witty and don't give David all that lovin', I may want some of it. Ha.

Love
